## Object of the Game:

Be the first player to start your campfire and toast three marshmallows before any other player. During play you want to keep your opponents from doing the same by putting out their fires or roasting their marshmallows to blackened crisps!

## Brief Explanation of Game Play:

When you first start the game, your number one goal is to get your fire started. To do this you need to get a Fire Starter Card. Once you have this card you can lay it on the Firewood Disk. This allows you to flip the disk over and have a campfire. The next challenge is to get a marshmallow on your toasting stick. To do this you must draw a raw Marshmallow Card and lay it on the stick. The final challenge of the game is to toast your marshmallow. To do this you must draw a Toasted Card and lay it on your raw Marshmallow Card. Once you have done this, move the Toasted Marshmallow Card into a pile that you will save. To win you need to do this three times. However, during play your opponents can try to stop you with a Rain Card, Strong Wind Card, or Roasted Card. The cards they play will rain on your Campfire, blow your fire out, or roast your marshmallow to a crisp. Good luck, and watch out for that Roasted Card!

Toasted or Roasted is an offensive/defensive game where players try to be the first to start their campfire and toast three marshmallows. But watch out for Roasty because he will burn the marshmallows to a crisp!
